

## discover torrossa

**consult** articles and chapters in PDF format, copy and paste text, print and download local copies.

**search** within the full text and metadata of scholarly ebooks and ejournals from Italy, Spain, France and Portugal.

**save** searches, tags, notes and title lists to a personal workspace.

**export** citations and bibliographies to RefWorks, EndNote, Zotero or Mendeley.

1958

Casalini Libri was established in 1958 with the twin purpose of advancing the profile of Italian culture and learning across the globe and providing a first-class bibliographic search and supply service for academic libraries.

Still a family-run business, we have remained faithful to our original objectives, developing our services to assist publishers and institutions in facing the challenges of scholarly publishing in a changing market.

We created our innovative Digital Division in 2000 to explore the possibilities and challenges of electronic publishing and created an initial digital library.

An evolution of our existing digital library project, the Torrossa platform was launched in 2011 to extend our mission for the current market:

Torrossa provides visibility to Southern European publishers and supports them in meeting the demands of digital publishing.

Torrossa aims to offer institutions a resource that gives access to scholarly e-books and e-journals, at the same time simplifying acquisitions, licensing and integration with the library catalogue.

## **why** choose Torrossa?

The Torrossa platform is an essential resource for libraries with an interest in current scholarly publishing from Southern Europe.

## **who** can use Torrossa?

Scholars, students and researchers working on your institution's network or proxy. There is no limit to the number of users that can view content at any one time.

## **what** does Torrossa offer?

Research-level content in the Humanities and Social Sciences from a wide range of prestigious academic publishers.

## **where** can I access Torrossa?

Anytime, anywhere, from PC, tablet or smartphone.

## **how** do I find Torrossa content?

MARC records are provided for integration with the library's OPAC and are indexed by major Discovery services.

## **NTI** and acquisitions

All of the titles available in Torrossa are included in our personalised New Title Information alerts. Contact us to set up a bibliographic profile for this service.

Electronic titles are fully integrated with our online selection and ordering tools at [www.casalini.it](http://www.casalini.it), making acquisitions as simple as for print publications.

## **catalogues** and collections

Create a collection in harmony with your institution's interests and budget.

We have assembled a catalogue of proposed collections focusing on specific subject areas, publishers and coverage. View the list at: [www.casalini.it/torrossa](http://www.casalini.it/torrossa).

## **contacts** and assistance
